

June 2023 Robotics Investments

Company Name	Amount	Type	Country	Tech-Prod-Services	Description
A2Tech	Estimate	Other	Malaysia	Drones, Unmanned Underwater Vehicles, Outdoor Mobile Platforms	A2Tech produces mobile robotics solutions with a primary focus on industrial inspection.
Advanced Navigation	\$5,200,000	Other	Australia	Sensors / Sensing Systems, Networking / Connectivity, Software	Advanced Navigation creates advanced navigation systems and robotics technologies.
Agtonomy	Estimate	Other	USA	Outdoor Mobile Platforms, Sensors / Sensing Systems	Agtonomy produces a hybrid autonomy and tele-assist platform for agriculture vehicles.
Aibo Medical Robot	\$14,095,426	Series A	China	Surgical / Interventional Systems	Aibo Medical Robot focuses on the development of vascular interventional surgery robots.
Angsa Robotics	\$2,697,625	Seed	Germany	Outdoor Mobile Platforms	Angsa Robotics provides mobile robots that automate rubbish collection.
Arbe	\$23,000,000	Other	Israel	Sensors / Sensing Systems	Arbe Robotics offers real time 4D imaging software for autonomous driving.
Augmentus	Estimate	Other	Singapore	Sensors / Sensing Systems, Software	Augmentus produces no-code robot programming software.
Aviant	\$1,069,747	Other	Norway	Drones, Operator Services	Aviant provides end-to-end drone services for the transport of cargo.
B GARAGE	\$20,000,000	Series A	USA	Drones, Sensors / Sensing Systems	B GARAGE is an autonomous drone and service company for warehouse inventory management.
Barrett Technology	\$2,000,000	Other	USA	Collaborative Robots	Barrett Technology offers a therapy robot designed for intensive motor learning practice and repetitions.
Blue Atlas Robotics	\$70,000	Other	Denmark	Unmanned Underwater Vehicles, Operator Services	Blue Atlas Robotics manufactures subsea inspection robots and provides marine survey solutions.
Cobionix	\$2,800,000	Seed	Canada	Collaborative Robots, Sensors / Sensing Systems	Cobionix produces autonomous, collaborative robots.
ESTAT Actuation	\$10,000	Other	USA	Actuators / Motors / Servos	ESTAT Actuation is a developer of electroadhesive clutches that make robots or machines more capable and affordable.
FarmFleet	\$550,000	Pre-Seed	Ukraine	Operator Services, Drones	FarmFleet offers a drone-based solution for the application of pesticides and fertilizers.
FERNRIDE	\$31,316,885	Series A	Germany	Autonomous Transportation Systems	FERNRIDE provides autonomous, electric trucking solutions.
Grasp Robotics	Estimate	Other	USA	Humanoids	Grasp Robotics is developing humanoid robots, beginning with a robotic hand.
Guardian Agriculture	\$14,999,973	Other	USA	Drones	Guardian Agriculture provides advanced crop protection services.
Hantewin	\$1,386,654	Seed	China	Indoor Mobile Platforms, Outdoor Mobile Platforms	Hantewin is an intelligent mobile robot manufacturer.
IdeaForge	\$7,300,707	Other	India	Drones	IdeaForge produces drones for mapping, security, and surveillance applications.
Innoplier	Estimate	Seed	China	Outdoor Mobile Platforms	Innoplier manufactures mobile robots for pipe inspection and maintenance operations.
IONA	Estimate	Pre-Seed	UK	Drones, Software	IONA develops zero-emission autonomous drone solutions for logistics in low population density areas.
ISYBOT	\$3,233,933	Other	France	Collaborative Robots	ISYBOT is a designer and manufacturer of collaborative robots.
LandSkyAI	\$200,000	Seed	USA	Sensors / Sensing Systems, Software, Indoor Mobile Platforms	LandSkyAI offers a variety of autonomous robotics solutions.
Milvus Robotics	\$600,000	Other	Turkey	Indoor Mobile Platforms, Software	Milvus Robotics provides intelligent, autonomous mobile robots.

Mobileye	\$1,617,000,000	Other	Israel	Sensors / Sensing Systems, Microcontrollers / Microprocessors / SoC, Software	Mobileye produces vision-based advanced driver assistance systems.
MOVE ON	\$212,768	Pre-Seed	Turkey	Sensors / Sensing Systems, Software	MOVE ON produces AI-based Agtech solutions.
Nimbl'bot	\$2,155,685	Seed	France	Articulated Robots, Other Industrial	Nimbl'bot produces snake like robots for a variety of tasks.
Novarc Technologies	\$2,065,000	Other	Canada	Collaborative Robots	Novarc specializes in the design and commercialization of collaborative robots for welding.
Otonomy	Estimate	Seed	USA	Indoor Mobile Platforms, Outdoor Mobile Platforms	Otonomy produces autonomous robots for contactless deliveries for both indoor and outdoor environments.
Paeon	Estimate	Seed	USA	Prosthetic / Orthotic Systems	Paeon is a robotics company that develops adaptive prosthetics and autonomous robots.
Percepto	\$67,000,000	Series C	Israel	Drones, Software	Percepto is a developer of autonomous drone technology for surveillance and inspections.
Realtime Robotics	\$9,500,000	Series A	USA	Software	Realtime Robotics develops a software platform for robots to function with minimal programming.
Renatus Robotics	\$2,000,000	Seed	Japan	Automated Storage & Retrieval Systems	Renatus Robotics produces automated warehouse systems.
ROBO Medical	Estimate	Series A	China	Surgical / Interventional Systems	ROBO Medical is a medical robotics research and development company.
SAGE Intelligent	Estimate	Seed	China	Indoor Mobile Platforms	SAGE Intelligent is a producer of mobile robotis for commercial and industrial applications.
SentinelSky	Estimate	Seed	USA	Drones, Operator Services	SentinelSky offers first responder drone services.
silana	Estimate	Other	Austria	Articulated Robots	silana develops technologies that automate the production process in the fashion industry.
slQue Robotics	Estimate	Seed	USA	Indoor Mobile Platforms	slQue Robotics develops mobile robots and other technologies for various commercial sectors.
Teal Drones	\$1,200,000	Other	USA	Drones, Software	Teal Drones produces unmanned aerial vehicle technology.
THINK Surgical	\$5,000,000	Other	USA	Surgical / Interventional Systems	THINK Surgical develops, manufactures and markets robotic surgical systems for orthopedic surgery.
Turin Robot	\$14,060,149	Series A	China	Collaborative Robots, Articulated Robots	Turin Robot provides industrial robot automation and intelligent system integration solutions.
United Aircraft	\$167,733,638	Series D	China	Drones	United Aircraft specializes in the research and development of drones and other equipment.
UnitX	\$40,000,000	Series B	USA	Software, Sensors / Sensing Systems	UnitX provides deep learning inspection system for automated manufacturing.
Urban Machine	\$10,000	Other	USA	Articulated Robots, Sensors / Sensing Systems	Urban Machine manufactures robotics technology for lumber reclamation operations.
uWare Robotics	\$538,033	Seed	Belgium	Unmanned underwater vehicles, Operator Services, Data Acquisition / Processing / Management	uWare Robotics produces autonomous underwater vehicles (AUVs).
Virtual Incision	\$10,971,230	Other	USA	Surgical / Interventional Systems	Virtual Incision develops a miniaturized surgical robotic support device with a focus on colon resection.
Vision Aerial	\$307,281	Seed	USA	Drones, Operator Services, Data Acquisition / Processing / Management	Vision Aerial offers drones and drone flight services.
Voage	Estimate	Other	USA	Sensors / Sensing Systems, Software	Voage provides a visioning software for robotics applications.
XSurgical Robotics	\$11,500	Other	USA	Surgical / Interventional Systems	XSurgical Robotics produces surgical robots.
Zikoo	Estimate	Series A	China	Automated Storage & Retrieval Systems, Indoor Mobile Platforms	Zikoo offers pallet storage robots and other intelligent storage solutions.
