Rogue Space Systems	Estimate	Other	USA	Other Commercial	Rogue Space Systems develop robots to deliver services solutions to satellite operators, manufacturers and insurers.
<u>SensorSurf</u>	\$500,000	Pre-Seed	USA	Data Acquisition / Processing / Manage	en Snowflake offers softwar for collecting, manipulationing and analyzing robotics data.
Sniffer Robotics	\$2,000,000	Seed	USA	Exoskeletons	Sniffer Robotics provides the municipal solid waste industry drone base services for methane gas detection and analysis.
Surgerii Technology	Estimate	Series C	China	Surgical / Interventional Systems	Surgerii Technology is a developer of minimally invasive surgical robots.
Veo Robotics	\$14,000,000	Series B	USA	Sensors / Sensing Systems, Software	Veo Robotics provides solutions that enable high performance, collaborative industrial robotics.
Wenshi Robot	\$14,543,339	Series A	China	Indoor Mobile Platforms, Other Indust	.ri Wenshi Robot produces a variety of autonomous mobile robots for use in the logistics sector.
wheel.me	\$14,072,056	Other	Norway	Indoor Mobile Platforms	wheel.me produces technologies that transforms anything into an autonomous mobile robot with minimal effort and without the need to alter its design or form.
WIRobotics	\$3,006,624	Seed	South Korea	Exoskeletons	WIRobotics produces wearable robots that lessen physical demands on bodies while still allowing for active motion.
Xiangke Intelligence	\$5,808,044	Other	China	Software	Xiangke Intelligence, a spinoff of Tsinghua University and Beijing University of Aeronautics and Astronautics, is developing AI enabled robotics systems.
Yunchuang Zhixing	Estimate	Series A	China	Outdoor Mobile Platforms, Software	Yunchuang Zhixing produces autonomous, outdoor sweeping vehicles and remote management control platforms.
Zanecon	\$14,442,935	Series A	China	Articulated Robots	Zanecon produces a variety of robotics solutions for the construction sector.
Zipline	\$330,000,000	Series E	USA	Drones	Zipline designs, manufactures, and operates drones that deliver medical products.
